Yellow Fever and Smallpox Vaccinations and other Inoculations for persons intending to Travel by Air

Intending passengers by air from Nigeria to destinations outside West Africa must carry valid International Certificates of Vaccination against Yellow Fever and Smallpox.

YELLOW FEVER

In the case of inoculation against Yellow Fever for the FIRST TIME, the passengers may not leave Nigeria until 10 DAYS have elapsed since the date of inoculation. Passengers being re-inoculated may leave Nigeria immediately thereafter, PROVIDED THAT evidence of an inoculation, given not more than FOUR YEARS previously, is produced to the Inoculating Officer, AND THAT he certifies on the new certificate that it is a valid re-inoculation.

IMPORTANT ANNOUNCEMENT

As the stocks in Nigeria of Yellow Fever Vaccine have become dangerously low and as new stocks are not expected for some considerable time, it has been found necessary to RESTRICT THE GIVING OF YELLOW FEVER INOCULATIONS.

As from 1st January, 1951, Yellow Fever Inoculations will be given only to persons who actually require them for the purpose of air travel. Persons travelling overseas by sea are strongly advised to obtain their inoculations, or re-inoculations while overseas before returning to Nigeria.

Yellow Fever Inoculation of persons in the Lagos area will be given only in the PATHOLOGY DEPT. BROAD STREET, LAGOS, EACH SATURDAY MORNING AT 09.00 hours. Only these persons will be inoculated who have, by letter or Telephone, arrange for their inoculation with the Pathologist, Lagos (Tel. Lagos 332) at least 24th hours, before the time of inoculation.

SMALLPOX

Vaccination against smallpox should be performed at least one week prior to departure as the second part of the International Certificate requires that the vaccination site should be inspected by the Vaccinating Officer on the 5th-7th day after vaccination. The certificate is not valid for more than 3years from the date of issue.

In the case of re-vaccination, the passengers should report to the Vaccination Officer on the 2nd day after vaccination.

Vaccinations in the Lagos area are performed at the HEALTH OFFICE, BROAD STREET, LAGOS, between the hours 8 a.m. and 12 noon daily, (except Sunday) and at the PORT HEALTH OFFICE, Lagos, between the hours of 8 a.m. and 10 a.m. daily except Sunday.)

OTHER INOCULATIONS

Inoculations against Cholera, Typhus and Plague may be obtained by request to the Pathologist, Pathology Department, Lagos, (Tel. Lagos 332) or by application to any Senior Medical Officer.

The New Muslim Party

A new party which will be later known as the Muslim Congress of Nigeria is now in the making.

The aim of this new party it is understood is to find adequate representation for muslims throughout the country in the new constitution. It has not yet been decided whether the new party will contest the coming election but latest information indicates that many of the leading muslims in Lagos have made up their minds to give this party their moral and financial support.

More revelations will be made about this party after their inaugural meeting tomorrow Saturday June 9, 1951 at the Glover Memorial Hall.
