Electricity Corporation of Nigeria

Public Notice

Wiring Of Premisses For A Supply Of Electricity.

Prospective consumers who are contemplating having their premises wired for connection to the public electricity supply and existing consumers who wish to extend their wiring installation are advised that the Electricity Corporation may decline to connect any installation which has been wired or extended without full compliance with Regulation 203 of the Electrical Supply Regulations.

The provisions of Regulation 203 are as follows:-

"203. [1] For the purpose of ensuring that the requirements of the Electrical Supply Regulations and of the Electrical Wiring Regulations are being complied with, the Electricity Corporation of Nigeria shall require every consumer and/or prospective consumer to serve upon the Corporattion notice of:-

[a] the consumer's intention to instal or have installed electric lines, wires, fittings, apparatus and appliances on any premises;

[b] the consumer's intention to make or have made any additions or alterations to his present installations."

(2) The consumer shall render the Eectricity Corporation of Nigeria every reasonable facility for inspecting and testing such electric lines, wires, fittings, apparatus and appliances during the progress of the work and on its completion.

In giving notice of the necessity for compliance with Regulation 203, the Electricity Corporation wishes to point out that such compliance is not only legally necessary but is in the mutual interest of the Consumer and of the Corporation.

ARTHUR FAUL
Secretary to the Corporation

24th May, 1958.

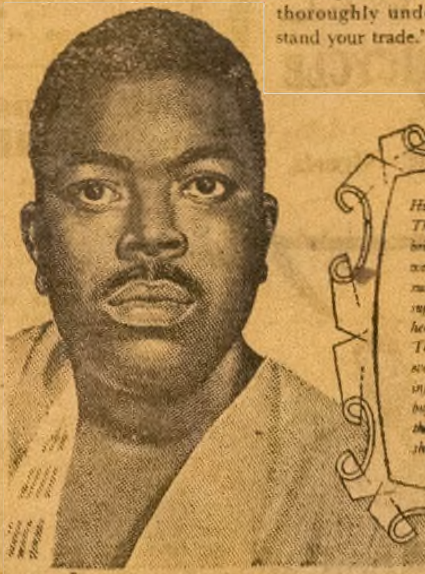
Story of a Successful Trader

Mr. Peter Ezeli

and The United Africa Company work together for prosperity

SINCE leaving school, Mr. Peter Ezeli has [illegible] flourishing cycle business, with stores in Warri and Onitsha. At first he managed the bicycle section of his father's store: then he began trading on his own account, selling spare parts and, later, all makes of cycles. But the real turning point in his life came when he agreed to take part of a U.A.C. trader's allocation of Raleigh bicycles.

In 1953 Mr. Ezeli began to deal directly with The United Africa Company, and a year later he became a credit customer. Other assistance and good advice from the Managers enabled him to prosper, and today he has a large monthly turnover. He employs a salesman and three cycle-assemblers in his new stores at Warri who work with equipment supplied by the Company. His wealth proves the wisdom of his motto, "Work hard, specialise, and thoroughly understand your trade."



Hundreds of African traders rely on The United Africa Company to bring them goods from all over the world—and many of them started successful businesses with stock supplied on credit by the Company, helped by advice from its Managers. To The United Africa Company every trader is an important source of information on the needs of African buyers, so that both the trader and the Company profit by their friendship in business together.

THE UNITED AFRICA COMPANY OF NIGERIA LIMITED

International Telephone Service Extension To Enugu and Kaduna

The Ministry of Communications and Aviation announces that the international telephone Service formerly restricted to Lagos and Ibadan, has now been extended also to all telephone subscribers in Enugu and Kaduna. Subscribers in any of these towns may now book international calls by asking the local operator for "International Service."

In all cases the minimum charge will be for a call of three minutes. A call of that duration to the United Kingdom would cost £3, and to the United States, Canada or Australia, £3. 15/- Further details about the charges to other countries are given in the preface to the Telephone Directory. there will be no necessity for deposits to be paid and the fees for international calls will be added to Subscribers' ordinary telephone accounts.
