Brandt in Great Britain:

'Germans' Wish to Live Together as a People'

SCARBOROUGH-When well-meaning people speak of the 'reality' of divided Germany, they are understanding the deeper going reality of a divided people, This is the message that Berlin's Governing Burgomaster took to Great Britain last weekend.

Amid stormy applause, Mayor Brandt told 2,000 delegates to the convention of the British Labour Party in Scarborough.

"I know that the motto 'all or nothing' will no help us. But I earnestly urge my British Friends to recognise the wish and the will of an arbitratily divided people and to see in it a reality too."

West Berlin's Lord Mayor is a leading candidate for the Chancellorship if the Social Democrats should win a Federal election. He told his Labour colleagues of Britain that the regime in Germany's Soviet Zone is most backward in the entire East Bloc.

Returning to the theme of 'reality' and Germany's wish for reunification, Herr Brandt said: 'What is right cannot be wiped off the agenda simply because it cannot be realised today.'

The Sovie Zone of Germany amounts to a special kind of colonial regime, said Brandt, and as such it cannot last. The deputy chairman of the Social Democratic Party added.

'I am thankful that our British friends want to help us by means of gradual changes to improve the situation of the people behind the wall and the barbed wire in Berlin and in partitioned Germany.'

He pointed to numerous foreign-policy parallels between the German Socialist and British Labour parties. He said both British and Germans are in favour of a stronger United Nations; armament control and limitation, and the continued fosteriug of NATO as an alert aud fit instrument of defence.

The Salvation Army has drawn £1,000 for relief work in Haiti and and has permission to drawn another £1,000 for relief work in Cuba if ti proves necesary, The British Red Cross has also cabled £1,000 for relief in Haiti.

The Red Cross has also flown out to Tobago 2,000 blankets and tons of emergency clothing provided by the Women's Voluntary Service in London.

The St. John Ambulance Brigade in London said today that their emergence relief team in Tobago now numbers 25. Reports from the field states that so far they have treated 500 casualities in addition to carrying out rescue work and providing food and shelter for homeless victims.

Flying Doctor Thanks British Fund-Raiser

LONDON—Dr. Neil Duncan, the "Flying Doctor," operating in Northern Nigeria, recently landed his light aircraft at Hawarden, North Wales Airport-not this time to attend the sick but to receive a commemorative plaque.

The plaque is to be placed on a two-way radio telephone sat at his dispensary at Shinkafe, was officially presented to Dr. Duncan by Mr Frank Brotherton, Chairman of the Llandudno Branch of the English-speaking union of the Commonwealth, which raised £200 for the radio-telephone set already installed at Shinkafe.

The Branch raised the money by holding coffee parties and fetes. Yesterday they again met Dr. Duncan's wife, Joan, whose talk to the Branch originally inspired them to make their contributions to the Flying Doctor Service.

Dr. and Mrs Duncan are currecently undertaking a 'whistle-stop tour" of Britain saying a personal "thank-you" to the people who have contributed to the Service. Yesterday they flew from Blackpool to Harwarden in their single-engine Cessna a gift from the Oxford Committee for Famine Relief.

After attending a meeting at the British Medical Association House in London on October 11, the Duncans will make the 4,000 mile flight to Nigeria in the Cessna piloted by an ex-R.A.F officer Tom Lampitt.
