Intending passengers by air from Nigeria to destinations outside Nigeria must carry valid International Certificates of Vaccination against Yellow Fever and Smallpox.

Passengers before re-inoculated may leave Nigeria immediately thereafter. PROVIDED THAT evidence of an inoculation, given not more than FOUR YEARS previously, is produced to the inoculating Officer, AND THAT he certifies on the new certificate that it is a valid re-inoculation.

Yellow Fever inoculations can only be given in certain medical stations on account of difficulties of transport, storage and administration.
