VACANCIES FOR MECHANICAL ENGINEERS

Applications are invited from suitably qualified persons for posts of MECHANICAL ENGINEERS GRADES II & III.

Applicants, who should not be more than 45 years of age, must have wide experience of the operation and maintenance of modern medium pressure coal and oil fired boilers of up to 250,000 lbs. per hour output, together with the usual power station ancillary plant. They must also have long experience of modern turbo-alternator plant of up to 30 MW sets.

Alternatively applicants should have wide experience of the operation and maintenance of medium speed diesel engine plant in the range 100 kW - 2,000 kW. A knowledge of gas turbine plant would be an advantage.

Applicants must be capable of taking complete charge of small power stations.

Salary in Scale 15/14 - £930 x 36 - £1,074, £1,110 x 36 - £1,218, per annum according to experience, with Inducement Addition of £240 - £270 per annum in the case of expatriate officers.

The appointment will be pensionable in the case of Nigerians and contract terms for expatriates. Contract terms carry an additional allowance of 10 per cent of the basic salary and a gratuity of 25 percent of the total emoluments (excluding contract allowance) on satisfactory completion of the contract. An outfit allowance of £60 is payable on appointment in both cases.

Quarters with hard furnishings will be provided for expatriates at a low rental. No guarantee of availability of quarters can be given in respect of Nigerians, but if no quarter is provided Rent Allowance will be paid at the rate of 6 2/3 per cent per annum of basic salary.

Further particulars and application forms can be obtained on request from the

Personnel Manager
Electricity Corporation of Nigeria,
Electricity Headquarters,
Private Mail Bag 1001,
