WHETHER in the Control Tower, in the Hangars or on the Airfield, you, just as much as the pilots who fly, must have nerves of steel. The energy that you burn up in the course of the day must be replaced if you are to prevent general fatigue from over-taking you. Rest, alone, is insufficient — the nerve cells of your body need something more. Men who need nerves of steel take 'Ovaltine', the fortified food-drink which contains all those precious elements so necessary to health and vitality.

'Ovaltine' at bedtime induces health giving sleep, restores depleted nervous energy and keeps the body in perfect condition. Make 'Ovaltine' your constant beverage night and morning.

Appeal To Ikerre Ekiti Elders

In the past history of Ikerre, we have never heard that there was any time when there were two Odas on the throne of Ikerre, but now we read daily in papers about Fabikun and Ilalade as the Obas. This matter of Obas installation has been pending since the deposition of Solomon Adewunmi and now everything has reached its climax. I am not soliciting for any side or individual but I crave that we should not allow personal grievances to weigh down the goods in others, be they friends or enemies.

The legends and traditions that gather round about the Oba's installation in Ikerre is sufficient to the state that there should be no quarrel on it. It is obvious that the candidate to be chosen should be methodical, capable of championship, courageous and and should be a cause for the progress of the race. He should also be enlightened with outlook that he may be able to deliver and inspire us with good hope in our struggles.

It is time that some irresponsible politicians and fortune-seekers who petroling the burning conflagration stop their back bitings and let peace reign in our land. So these nasty policians who pour insults on their elders should be warned lest they worsen the situation of things which may lead to blood-shed.

Now that there are some neutrals this matter of Oba's installation, which of these two contestants should be recognized as the Oba? Because two masters can not manage a boat, definitely one should give way. I am now appealing to all Free Born of Ikerre both aggrieved and offended to work for the progress of their father-land and let us not spoil the tradions left by our forefathers. Therefore I say to all Ikerre political worriors to sheath their swords and exchange hands for friendship and finally make us clear to whom we should pay our obeisance as our Oba.

Opening Of Accra Community Centre

ACCRA, January 28—Though the time has not yet arrived for an official opening ceremony, the Committee of Accra Community Centre decided that there was no reason why the citizens of Accra should not be given the opportunity of enrolling and using the facilities which are already available. Accordingly the Centre, which was presented to the people of the Capital by the United Africa Company, was opened to the public recently. The Committee was elected early in December last and has since been busily occupied in planning and organising the Centre's activities.
