Lagos Town Council

PRESS RELEASE

The following [illegible] relating to the activities of the Lagos Town Council is hereby released for general information.

1. [illegible] FREE EDUCATION

The Lagos Town Council has voted the sum of £[illegible] as its contribution towards the cost of the Free Primary Education [illegible] in Lagos. The Council completed some months ago arrangements for the take-over of the [illegible] Government School [illegible] Lagos Government Schools and the school was [illegible] by the Council on the [illegible] of January, 1958. The [illegible] under the management of the Town Clerk but it is [illegible] as soon as the Chief Education Officer, [illegible] by the Council, takes up his appointment he will take on the management of this and other municipal schools. It is hoped that arrangements will be made at time [illegible] for the [illegible] of the responsibility of education in Lagos by the Lagos Town Council.

2. LAGOS LIQUOR LICENSING BOARD

In recent weeks the Chairman of the Council has received a number of petitions from [illegible] in Lagos complaining against the alleged decision of the Council to withdraw licences from a number of licensees in various parts of the town [illegible] deemed to be commercial areas. It would appear that members of the public are erroneously under the impression that the issue of licences for the sale of liquor is the responsibility of the Lagos Town Council. The Council has directed me to make it abundantly clear that, although it sympathises with the [illegible] which have been received through the Chairman, it is NOT the responsibility of the Lagos Town Council to control the sale of liquor or issue licences for same within the town.

The [illegible] complained of by the affected licensees was [illegible] by the Lagos Liquor Licensing Board which is a [illegible] set up by the Federal Government under the Liquor Ordinance. The copies of the petitions received by the Chairman of the Council have already been forwarded to the Secretary of the Lagos Liquor Licensing Board and it is understood that the Liquor Board has now modified its original decision in the light of these petitions.

Story of a Successful Trader

Mr. Peter Ezeli

and The United Africa Company work together for prosperity

SINCE leaving school, Mr. Peter Ezeli has built up a flourishing cycle business, with stores in Warri and Onitsha. At first he managed the bicycle section of his father's store: then he began trading on his own account, selling spare parts and, later, all makes of cycles. But the real turning point in his life came when he agreed to take part of a U.A.C. trader's allocation of Raleigh bicycles.

In 1953 Mr. Ezeli began to deal directly with The United Africa Company, and a year later he became a credit customer. Other assistance and good advice from the Managers enabled him to prosper, and today he has a large monthly turnover. He employs a salesman and three cycle-assemblers in his new stores at Warri who work with equipment supplied by the Company. His wealth proves the wisdom of his motto, "Work hard, specialise, and thoroughly understand your trade."

Hundreds of African traders rely on The United Africa Company to bring their goods from all over the world—and many of them conduct successful businesses with stocks supplied on credit by the Company, helped by advice from its Managers. To The United Africa Company every trader is an important source of information on the needs of African buyers, so that both the trader and the Company profit by their friendship in business together.
