L.E.D.B. FREEHOLD HOUSING SCHEME

(Continued from page 1)

Applications for any of the houses under this scheme should be made as early as possible.

The Board has offered to give displaced landowners and others who will be later affected by the present slum clearance schemes a special priority to purchase houses built under the scheme before they are completely sold out.

Special financial arrangement exists whereby 100 o/o of the purchase funds can be obtained by public servants under Government's African Staff Housing Schemes. Similarly large loans can be arranged for other purchases through Building Societies.

This Freehold Housing Scheme for individual home ownership is only one of several aspects of housing with which the Board is now busily engaged. The others include the following schemes -

- REHOUSING : Extension of the Suru-lere Rehousing Estate to provide 600 more houses for "slum displaced" persons.
- WORKER'S HOUSING: Extensions of the Federal Government Workers' Housing Estates to provide more low-cost houses to accommodate persons displaced under Government Schemes.
- LAND OWNERSHIP Extension of the Itire Road Estate to make more plots available for freehold sale.

NEW VICTORIA ISLAND ROAD OPENING NEXT MONTH

This first section of the new dual carriageway road to Victoria Beach is nearing Completion and will be open to traffic as far as the site of the new luxury hotel about the end of December.

The rest of the road terminating at the Beach will be completed by the middle of next year.

Road are also being constructed elsewhere on Victoria Island to serve future residential development.

BOARDMAN'S DIARY

The block of 18 shops each with flats above being built by the Board on Itapeju Avenue, Apapa Estate, for sale to the public are nearly completed. These will form the first shopping centre of the Estate. All have been sold with the exception of one or two. Late applications may therefore be entertained.

Another block of 12 Shops, being built in the Suru-Lere Neighbourhood Centre at Gbaja Road as first shopping parade for the Residents of the new estates are also nearly completed. Applications to purchase will soon be invited.

Sites earmarked for Bank, Church, Cinema, Post Office and Petrol Stations on the Suru-Lere neighbourhood centre have now all been sold.

A Clinic being built jointly for the L.T.C. and the Ministry of Health on the Suru-Lere Estates will shortly be completed.

A new Community Centre under construction in Obele Odan Estate and another in the Obele Oniwala Estate are also nearing completion.

The Clinic as well as the Community Centre will be formerly opened very soon.

S. W. IKOYI

S/W IKOYI NOW RECLAIMED

Reclamation of the South-West Ikoyi Obalende scheme area has been completed. Construction of roads and drains is now in progress and it should be possible for plot allocation arrangements to proceed by early 1960.

The erection of the new Onikan bridge is well advanced and will enable early access to the new road now under construction to connect Onikan with South West Ikoyi.

SLUM CLEARANCE VICTORIA STREET TO REOPEN DEC 7

The closed portion of Victoria Street will be reopened to traffic on Monday, December 7, when the phase of road construction will have been completed.

Thereafter the reconstruction of Victoria Street will continue between Idunmagbo Avenue and Tinubu Square with a view to providing a 44 ft. wide carriageway with 13 ft. wide footpaths oneither side by October 1960.

In order to avoid the necessity to close further lengths of Victoria Street to traffic, the work will be carried out in half widths of the road at a time.

The widening of the remainder of Martin Street will commence in January 1960 to be followed by the construction of a new road joining Martin Street to Victoria Street.

GARDEN

FLOWER & GARDENS SHOW TODAY AT SURU-LERE

The Third Annual Garden Competition Prize Giving Ceremony and the new Flower Show sponsored by the L. E. D. B. takes place today at the Birey Community Centre, Iyun Road Suru-Lere, at 4 30 p. m.

Lady Ademola will present the prizes under the Chairmanship of Sir Kofo Abayomi

The Garden Competition was introduced by the Board in 1957 as a means promoting civic pride and interest in gardening among the residents of the new Suru-Lere estates. A silver Cup-The Ribadu Challenge Cup was donated by Alhaji Mohammadu Ribadu, Minister of Land, Mines & Power and Lagos Affairs for annual inter-estates competition.

A Flower show has been introduced for the first time this year for competition by the residents as well as non-residents, of Suru-Lere, who will all submit their exhibits at the show This will also be an annual event.

APAPA PLOTS

ACTION FOR FORFEITURE CONTINUES

The Board continues with legal proceedings to enforces forfeiture of plots where building has not been commenced within stated times.

Street Works Policy

NO ROADS NO HOUSES

The "Street Works Policy" introduced by the Boarding June last year is now operating in full force.

This is a planning control measure aimed at arresting haphazard building in undeveloped land where there are no proper road access or services.

Under this policy building is not permitted on such land unless the buildings on the street fronting it already occupy more than half the street length, or unless the Street itself has been included in the Town Council Five year Street Making-Up Programme.

This applies throughout the Township whether the land has been included in an approved allotment plan or not.

(FREEHOLD HOUSING)

Keen public interest is shown in the single as well as the two Storey houses on show at Ogunlana Drive, Itire Road Estate.
